

RURAL WATER DISTRICT No. 1

Murray County
P.O. Box 235
Sulphur, Oklahoma 73086
580/622-2093

Forfeiture of the Benefit Unit

I, _____ being the owner
of said property, request that the Rural Water District No. 1,
Murray County, suspend service as of the following date
_____ at the described property at
the following location: _____.

RECONNECTION CHARGE

The reconnection charge for restoration of service, if reconnection is authorized and approved under the provisions of the By-Laws of the District, after each suspension of service because of delinquent payment or for other infraction of these Rules, shall be the unpaid amount charged to date against the consumer's benefit unit, plus \$30.00 to make such reconnection. If service is disconnected, payment for reconnection of service will be accepted only during regular office hours.

The following situations apply in reconnection procedures:

If the meter is authorized for reconnection where one has been taken out, the charge will be the current minimum charge per month up to six (6) months for each month the meter has been out, plus any other bills charged against the unit, and \$30.00 reconnect charge. After six (6) months the fee will be the cost of a new benefit unit. A Benefit Unit cannot be transferred from one owner to the next unless all charges against the Benefit Unit are paid up to date

If a previous consumer wants a meter reconnected and still owes for water used or owes other charges to the district, all back charges must be paid plus the current monthly minimum charge for each month up to six (6) months the meter has been out, plus a \$30.00 reconnect charge: or pay all back charges on water used and any other charges owed by the consumer plus the fee for the new benefit unit.
